Principal Message

Dear TRES Families,

It is hard to believe that we are out of 2023 and a week into the year 2024. Thank you to the families that were able to come out or call in to talk to their child's teacher about their progress in December. It is important that the students see that home and school work together. Together we are stronger.

Yours in education,

Mrs. Kathy Weatherbee

Indoor Shoes

It is now more important than ever that students have a change of footwear. Wet boots make our learning spaces dangerous so please send in an old pair of shoes that your child was just wearing as outdoors. Thank you so much for helping us keep our floors safe.

Clothing

It is that time of year that students need warm clothes as students go out in all types of weather each day. Sending in dry socks, mittens and even pants is a great way to make sure they are prepared for the day. They can leave some of these extras in their shoe bags in the hallway if that works best for families.
